# “GLOBAL WiFi” Business Transition of Performance

3Q is a busy season when travel demand increases. Steady performance, and significant increases in sales and profits.

- Capture FIT demand, acquire more corporate customers, and accumulate repeat users.
- Expansion of the inbound market, operation bases are strong. (South Korea, Taiwan, domestic airport, etc.)
- Improve cost efficiency and SG&A expenses ratio.

(Attention) Regarding the quarterly results in FY2015, year-on-year ratio is for reference, because we do not prepare for the quarterly financial statements.

# Information and Communications Service Business Transition of Performance

Continue to increase sales and profit.

- Continue to perform well due to acquiring newly established companies, which are our main targets.
- Continue to perform well due to accumulating continuous dealings by CRM.
  - Structure of continuous stock model.
  - Further sales increase by up/cross-sell strategy.
    - Offer services tailored to customer's needs, such as power service "Haruene Denki" etc.

(Attention) Regarding the quarterly results in FY2015, year-on-year ratio is for reference, because we do not prepare for the quarterly financial statements.

# Consolidated Balance Sheet

(JPYmn, %)

\* Expenditure excluding transportation expenses to destination

Created from March 2016 Japan Tourism Agency materials "Advisory Council on Tourism Nation Promotion", and January 2017 JNTO press release materials ※Estimate from Average Revenue Per User of our customer

# Market Size of "GLOBAL WiFi" Business (Overseas Travelers in the World)

- Global travelers from overseas to overseas are the huge market of 1.2bn people scale.
- Potential market size : approx. JPY8tn and more ※

Created from Japan Tourism Agency materials, Heisei29 edition tourism white paper, and the materials released by UNWTO

\* Estimate from Average Revenue Per User of our customer

# Growth Strategy ②

## Stabilize Customer Foundation/Improve Profitability

### ○ Capture corporate demand

3Q FY2017

(Jul.-Sep.) Actual result

FY2017 Cumulative total

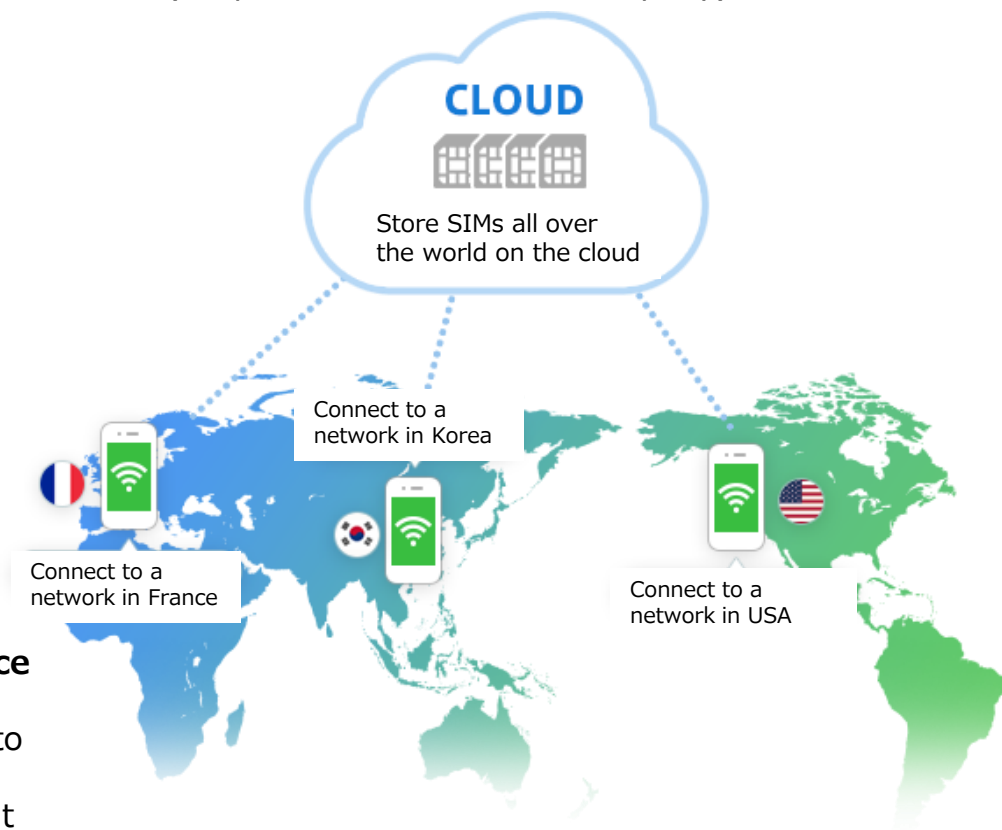

(Jan.-Sep.) Actual result

### ○ Utilizing CLOUD WiFi

A Wi-Fi router equipped with next-generation communication technology that manages SIM on the cloud.

- Labor saving of shipping operation = Shipment related cost down
  - Introduce to approx. 20% of Wi-Fi routers we own. (As of September 2017)
- Develop the corporate limited plan "GLOBAL WiFi for Biz".
  - No need to order and receive a router for each use (keep it in the customer's company)

### Internet anywhere in the world with one device CLOUD WiFi technology

With next-generation communication technology to manage SIM on the cloud, telecommunication carriers all over the world can be allocated without physically inserting SIM.

# Growth Strategy ③

## Use Customer Foundation/Develop Business

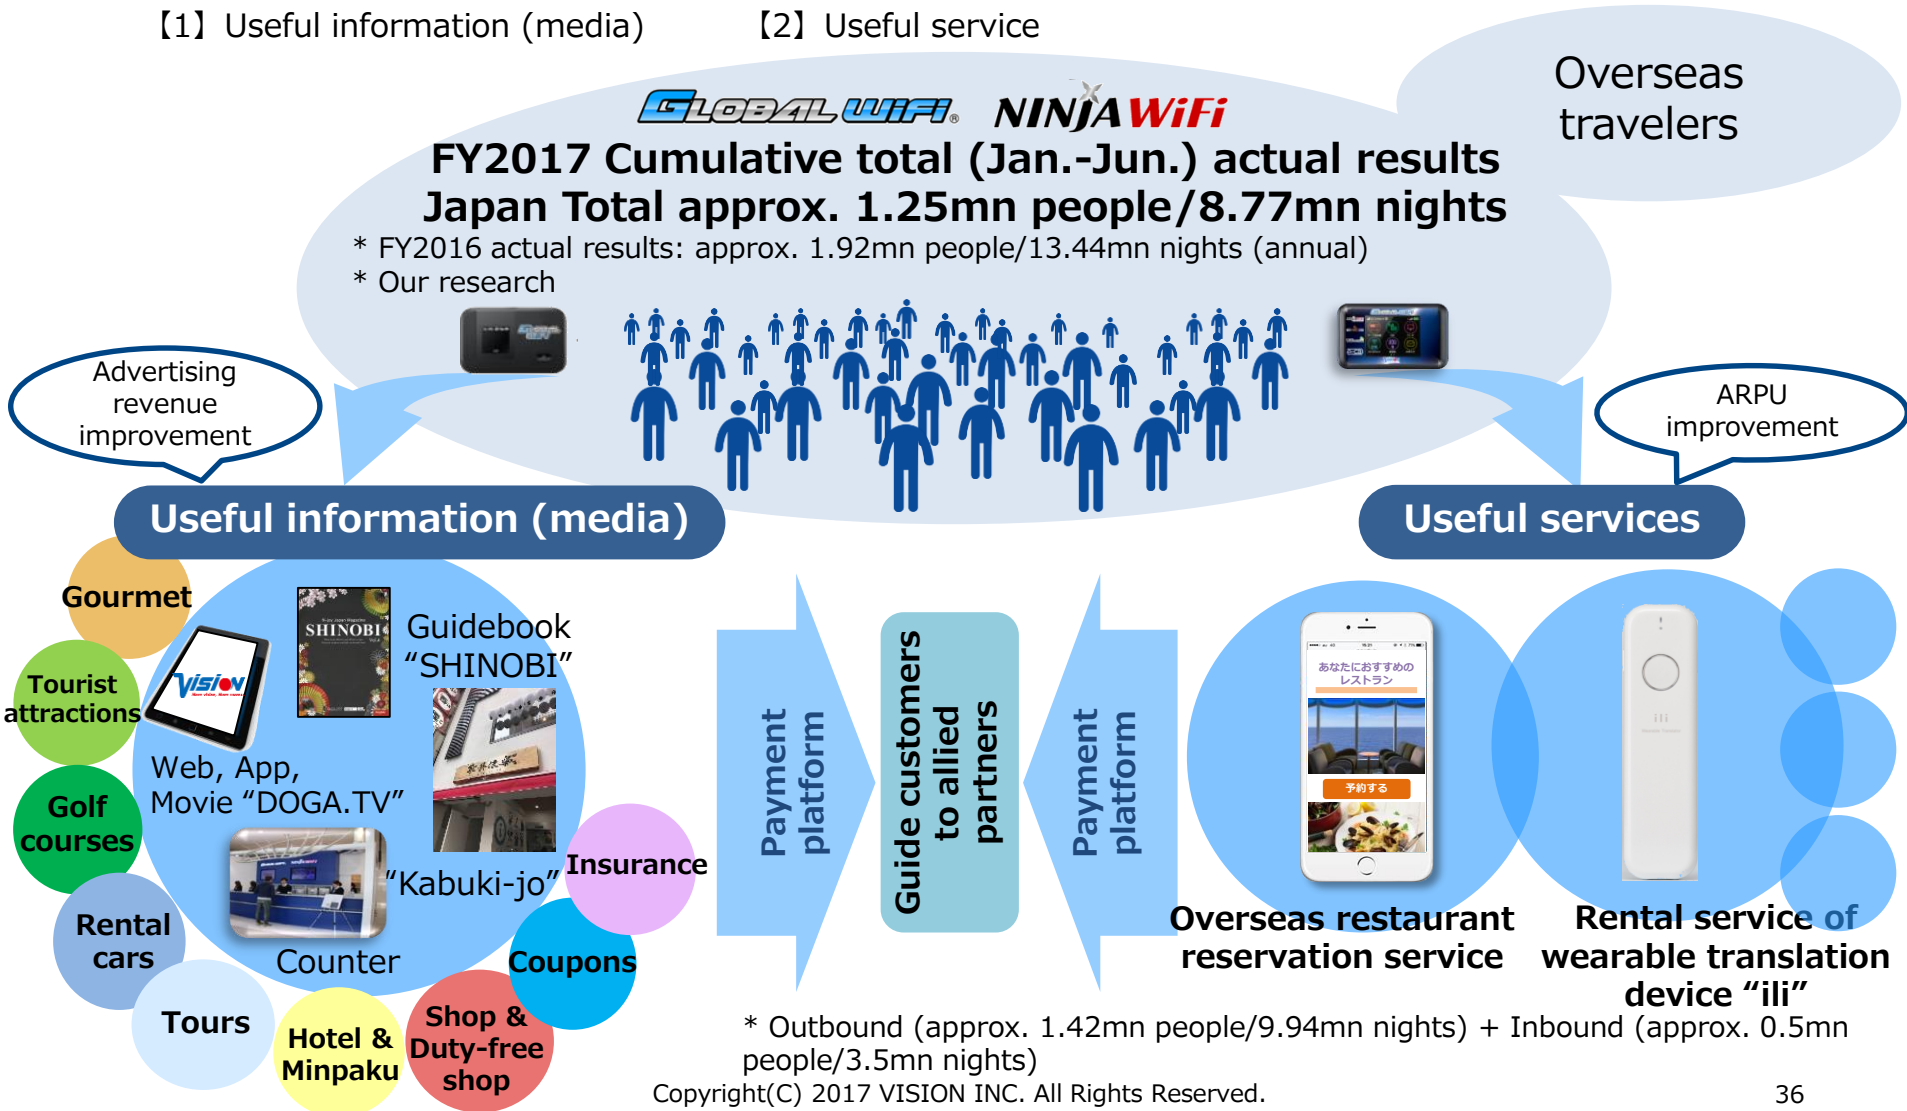

### ○ Travel rapprox. elated service platform

- Use existing customer foundation and offer useful information/service to solve problems during overseas travel.

【1】 Useful information (media)

【2】 Useful service

- Inbound comprehensive advertisement “NINJA MEDIA”
  - Marketing and advertisement for foreign tourists.
  - Utilize customer foundation (foreign tourists visiting Japan).
  - Approach with all "timing" when traveling in Japan.
    - Before traveling: Collect information, prepare for travel
    - While traveling: Airport, moving, sightseeing, lodging
    - After traveling: After returning home
- Translation device “ili” ~for corporate~  
“ili for Guest”

# Travel Related Service Platform

- Media 「NINJA WiFi Travel Guide “SHINOBI”」
  - Guide book delivered directly to overseas travelers to Japan who use “NINJA WiFi.”
  - Advertising model.
  - Collaborate with digital media.

## ○Benefits of posted companies and facilities :

- Rare advertisement for FIT (Foreign Independent Tour) customers.
- Deliver directly = Reach surely.
- “NINJA WiFi” users = internet available = action (coming to a shop, reservation, application, etc.) rate is high.

- Video media 「DOGA.TV」  
<https://doga-tv.com/>

- Video specialty website for foreign tourists.
- Advertising model.
- Produced by Youtuber employees.

## ○Benefits of posted companies and facilities :

- Offer all elements related to posting from video production (planning, production, casting, translation, and marketing).
- Watched by “NINJA WiFi” users = Probability of attracting is high.
- Possible to collaborate with “SHINOBI”.

- Example of collaboration with MINISTOP

## Renewal

- Appeal text
- Service contents

Deliver (directly)

Deliver a Video

Please check this video about MINISTOP!

## Discuss

Our staff discusses with their PR dept. based on the aggregated data

- Propose an appealing method corresponding to cultural (language) difference
- Propose change of service contents due to usage frequency etc.

Use coupon

Aggregate data

- Analysis

Convert into data with barcode

- When (period)
- Which store in Japan
- Which language (available in 4 languages)
- How many coupons are used

# Travel Related Service Platform

- Inbound sightseeing building  
「歌舞伎城」 (Open in June 2017)
